PER LO SVILUPPO RURALE  
Europa investe nelle zone rurali

**Regione Umbria**  
Giunta Regionale

Le immagini contenute all'interno di questa pubblicazione sono una selezione delle centinaia di foto raccolte attraverso il concorso fotografico **#angolodicampo**. Un'iniziativa promossa dalla Regione Umbria per rafforzare la comunicazione del Programma di Sviluppo Rurale 2014-2020 e per consolidare il rapporto tra mondo agricolo e istituzioni.

Il concorso fotografico, gratuito e aperto a tutti, ha affrontato il tema dell'agricoltura nei suoi tanti significati: umani, paesaggistici, sociali, comunitari.

Nei canali social di Umbria Agricoltura, la rivista umbra che si occupa della pubblicità delle politiche agricole regionali e comunitarie, sono stati raccolti quasi 400 scatti arrivati da tutta la regione. Le migliori, scelte da una giuria di esperti, sono state premiate pubblicamente nel corso di un evento svoltosi a Perugia dal 21 al 27 settembre 2020.

Agricoltori, fotografi dilettanti, semplici amatori, giornalisti, instagramers, in tanti hanno preso parte e animato **#angolodicampo**. Ne è scaturito un modo nuovo di raccontare il mondo dell'agricoltura, più immediato, vero, diretto, gioiale. Un esempio concreto del legame tra le politiche comunitarie dello sviluppo rurale e il territorio rurale dell'Umbria.

Buona visione.

The images contained in this publication are a selection of a hundred or so photos collected through the **#angolodicampo** competition. This is an initiative promoted by the Umbria region to strengthen the communication of the Program for Rural Development 2014-2020 and to consolidate the relationship between the agricultural world and institutions.

The photographic competition, free and open to all, addresses the theme of agriculture in its many meanings: human, landscape, social, and community.

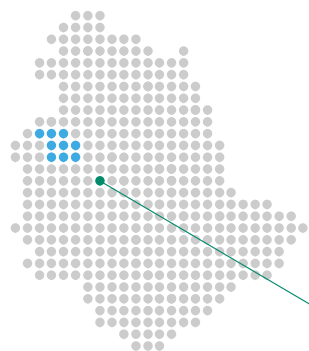

Through the social media channels of 'Umbria Agricoltura', the Umbrian magazine dedicated to the publication of regional and community agricultural policies, nearly 400 snapshots from all over the region have been brought together. The best, chosen by a jury of experts, were publicly rewarded during an event which took place in Perugia from 21 - 27 September 2020.

Among the many taking part in and animating **#angolodicampo** were farmers, amateur photographers, simple amateurs, journalists, and instagrammers. It gives rise to a new way of talking about the world of agriculture that is more immediate, true, and jovial. A concrete example of the link between the community's rural development policies and the rural territory of Umbria.

Happy viewing.
